CAREER OBJECTIVE

I've graduated a Frontend Web Development IT course and I'm very committed and enthusiastic about starting a career in an IT company that will help me build up experience and further develop my knowledge and skills in this field. I am therefore currently looking for a job or an internship as a Frontend Web Developer.

SKILLS & ABILITIES

- Very adaptable
- Attention to details
- Fast learner
- Problem-solving skills

- Good time management
- Provide very clear and precise instructions
- Match the right person with the right task
- Good coordinator

PROFESSIONAL TRAININGS

The Informal School of IT – Web Development module   02.2017 – 07.2017

- HTML5, and CSS3: how to build a User Interface
- JavaScript: how to use variables, functions, objects, scope, AJAX, jQuery, DOM
- HTTP: fundamentals about the protocol: methods, headers, error codes
- PHP: how to use variables, functions, classes, includes, interaction with the browser and CRUD operations on a database (MySQL)
- MySQL: how to create and update a database, perform CRUD operations on tables, joins
- OOP: basics about classes, objects and inheritance in PHP
- MVC: built a blog with administrative features creating a custom MVC framework from scratch
- GIT: learned the principles and basic commands
- Deployment: learned the basics about deploying a LAMP architecture and installing and running a PHP/MySQL application
